

Middleton School District #134

Every Child Learning Every Day

Dear Parent,

Marc Gee

Superintendent

Lisa Pennington

Assistant Superintendent

Alicia Krantz

Business Manager/Treasurer

Paige Goodson

Director of Curriculum and
Assessment

Sharlea Watkins

Director of Special Services

Nick Davis

Network Administrator

If you are receiving this letter, you have been identified as a parent of a student in Middleton School District who currently lives outside of the district boundaries. As a result of current growth within the school district we have made some adjustments to how we will be accepting out-of-district students and applications.

First, and foremost, we have closed Middleton School District to **new** out-of-district students. Out-of-district students, who have been attending Middleton School District during the 2021-2022 school year will continue to be eligible for attendance. Current out-of-district students will still be required to fill out an out of district application and submit that application annually to their principals. The new due date for these applications will be April 7th. After principals make their recommendations, determinations and notifications will be sent to parents from the district office.

Families of current out-of-district Middleton School District students who have new Kindergarten or 1st grade students may apply for out-of-district consideration. However, these will only be granted when sufficient space is available at the school where the request is made.

If you have concerns or questions regarding this process, please email me at mgee@msd134.org. Open enrollment application forms can be obtained from the following website: <https://www.msd134.org/domain/81>.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Marc C. Gee'.

Marc C. Gee
Superintendent
Middleton School District
