

**MIDDLETON SCHOOL DISTRICT #134
POLICY AND PROCEDURE MANUAL
SECTION 2000 – Instruction**

STATEMENT OF GUIDING PRINCIPLESPOLICY 2000

An educational philosophy is a statement which, in general terms, describes the aims, purposes, and objectives that the School Board hopes to achieve. An educational philosophy helps create a framework, which assists the School Board and professional staff to make decisions on specific situations and assess programs. It also allows the members of the school system to discharge their assigned duties with positive direction.

In turn, goal statements regarding the purposes and functions of the School District can be developed from the framework of the educational philosophy.
